

CARNEGIE HALL

Tchaikovsky

Composer and conductor Pyotr Ilyich Tchaikovsky visited the United States in 1891 to conduct at Carnegie Hall's very first opening night concert. The Russian composer loved traveling, and he found the lure of the New World—and of New York City—very exciting.

If Tchaikovsky were a guest in your town, where would you take him?

Take a photo with your own cut-out Tchaikovsky and show us.
