Celebrating its 10th anniversary during the 2016–2017 season, Ensemble Connect is a two-year fellowship program for the finest young professional classical musicians in the United States. The program challenges them to create a clear vision, allowing these musicians to learn to use creative teaching methods, lead interactive and engaging sessions, and creating dynamic programming, all of which have been invaluable in their professional careers.

Ensemble Connect fellows have performed with top orchestras, soloists, and ensembles, including the New York Philharmonic, the Cleveland Orchestra, the London Symphony Orchestra, and the Berlin Philharmonic. They have also had the opportunity to perform in some of the world's most prestigious venues, such as Carnegie Hall, The Juilliard School, and the Weill Music Institute.

Members of an Ensemble, Small Group, or Chamber Collective, or Chamber Orchestra, Ensemble Connect's alums have become leaders in the professional music world, using skills that they have developed during their fellowship.
